

## SOFIA CARVAJAL

930 Spring Street NW • Atlanta, GA 30309 • (787)-349-5517 • scarvajal3@gatech.edu

### EDUCATION

---

#### Georgia Institute of Technology (GT)

August 2017 - Present

- Bachelor of Science - Industrial and Systems Engineering
- Expected Graduation - May 2021
- GPA: 3.4/4.0

#### Hong Kong University of Science and Technology (HKUST)

January 2018 – May 2018

Exchange Program: B.S. Industrial and Systems Engineering

### EXPERIENCE

---

#### Goldman Sachs – PWM Portfolio and Tax Team | Salt Lake City, UT

July 2020 – August 2020

Summer Analyst

- Analyzed data to reduce the amount of tax breaks per month.
- Introduced a guide book to help the team navigate through wash sells.

#### Eaton – Residential Wiring & Devices | Peachtree City, GA

June 2019 – August 2019

Operations for Engineers Intern

- Assisted cross functional teams on updating content to consolidate two Buyers Guides into one.
- Completed tier 3 status for Eaton's Product Data Hub.
- Created 26 family pages for products for eaton.com

#### Georgia Tech Alumni Association | Atlanta, GA

October 2018 - Present

Phonathon Participant and Caller

- Responsible for outreach to Georgia Tech alumni and encouraging them to donate to the university.
- Raised over 6.5 million in support for Georgia Tech.

#### Aquagen | San Juan, P.R

June 2018 – July 2018

Intern

- Worked at a distributor of power generation and water management products.
- Conducted market research, inventory data entry, and drafted a summary of technical data for power generating products to assist sales team.
- Guided customers in selecting the product that would meet their needs.

#### Down Syndrome Foundation | Cupey, P.R.

June 2013 – July 2016

Camp Counselor

- Cared for adults with Down Syndrome and helped with the performance of daily activities
- Shared managerial duties with the camp director

### LEADERSHIP

---

#### Society of Hispanic Professional Engineers (SHPE) | Atlanta, GA

May 2019 - Present

Recruitment and Retention Chair

- Attended Organization Fairs and recruited more than 300 members.
- Responsible for the planning of activities that help retain our members.
- In charge of GT SHPE's MentorSHPE program.

#### Panas and Panitas Mentorship Program | Atlanta, GA

August 2017 – May 2018

Mentor

- Helped high school mentees with their school work.

### SKILLS

---

**Technical Skills:** Data science with Python/ V-Python, Excel, Advanced Google Analytics, R, SQL, SAP

**Languages:** Spanish – native, English – fluent

**Awards:** OMED Tower Award, Wells College 21<sup>st</sup> Century Leadership Award

**Affiliations:** Member of the Society of Hispanic Professional Engineers and OMED

# ETHAN CHANNELL

6620 Fox Creek Drive • Cumming, GA 30040 • 404-889-0475 • <https://www.linkedin.com/in/ethanchannell/> •  
echannell3@gatech.edu • US citizen

## EDUCATION

---

### GEORGIA INSTITUTE OF TECHNOLOGY

*Industrial and Systems Engineering*

- Concentration: Supply Chain
- Scholarships and Honors: Zell Miller Scholarship, Daniel Hager Scholarship, Deans List

**Atlanta, GA**

*Aug 2017 - May 2021*

GPA: 3.93/4.00

## WORK EXPERIENCE

---

### UNITED PARCEL SERVICE

*Customer Solution Intern*

- Utilized Microsoft Power Query to extract customer forecast volumes and establish reports
- Analyzed data in Microsoft Excel to identify trends in types of package delivered during PEAK season
- Developed a Python Script to clean data for different airlines to connect flights to volume capacity

**Atlanta, GA**

*Jun 2020 – Aug 2020*

### DAIKIN APPLIED

*Project Engineer*

- Analyzed costs of implementing HVAC systems ranging from \$5,000 to \$1,000,000 contracts
- Corresponded with Field Sales Engineers to secure contractor bids for the company and drive sales
- Compiled specification sheets and data sheets to create submittals for awarded bids to be reviewed by customer
- Evaluated current quoting methods and improved the process to decrease lead times

**Marietta, GA**

*Jan 2019 – May 2019*

### THE HUBACH GROUP INC.

*Summer Intern*

- Investigated dwell time in different geographical zones to identify problems in logistical operation
- Created weekly reports to measure driver productivity and pushed to increase driver efficiency by 5%
- Collaborated with 8 team members to improve day to day operation and shipping scheduling
- Implemented a Power BI dashboard to provide reports on different customer volumes per week

**Cumming, GA**

*May 2018 – Aug 2018*

## PROJECTS

---

### GEORGIA TECH HEALTH ANALYTICS

*Undergraduate Researcher*

- Utilized Python to clean Medicaid datasets and implemented R code to create maps of diabetes prevalence in Georgia
- Modified HTML and JavaScript code to configure a web portal to host data mappings for different medical conditions

**Atlanta, GA**

*Aug 2019 – Present*

### ATLANTA ZOO DATABASE

*Create a SQL database to run specified SQL queries*

- Created dynamic application with high level functionality modeling the Atlanta Zoo Database
- Utilized a Python GUI package to develop a user interface
- Collaborated with team members to create Python back end with MySQL
- Exercised database design methodology to create an efficient database

**Atlanta, GA**

*Aug 2018 - Dec 2018*

## LEADERSHIP

---

### ALPHA KAPPA PSI

*President*

- Designed the vision for a 70-member chapter in constructing future business leaders and building professional skills
- Lead an executive team of 10-people to develop leadership skills and initiate new initiatives to increase engagement

**Atlanta, GA**

*March 2020 – Present*

## SKILLS/INTERESTS

---

**Concepts:** Continuous Improvement, Deterministic Modeling and Optimization, Multiple Linear Regression, Stochastic Systems, Reducing Variability in Service Systems, Graph Theory

**Programming:** Python, SQL, Tableau, R, Microsoft Excel

**Communication:** Research papers, Power Point, Email, Data Visualization

**Interests:** Bodybuilding, Running, Action Movies, Rugby

**Paulina Isabel Cucalon**

930 Spring St NW, Atlanta, GA 30309 | (404) 769-1700 | [pcucalon3@gatech.edu](mailto:pcucalon3@gatech.edu) | International Student (Panama)

**EDUCATION**

---

**Georgia Institute of Technology**, Atlanta, Georgia *Fall 2017 - Present*

**Bachelor of Industrial and Systems Engineering, Supply Chain Concentration**

- Current Senior
- GPA: 3.71

**Study Abroad: UNIVERSIDAD CARLOS III DE MADRID**, Madrid, Spain *Spring 2019*

**EXPERIENCE**

---

**Process and Quality Department Intern at Alliance Transport Logistics**, Panama City, Panama *Summer 2020*

- Participated in daily discussions for creation of measurable indicators of each department’s goal completion
- Revised and finalized 14 Excel documents containing each department’s indicators and their formulas

**AT&T Summer Learning Academy Externship (VIRTUAL)** *Summer 2020*

- Developed personal skills through self-paced modules and live sessions with well-known speakers
- Learned the breadth of skills and knowledge required in all aspects of AT&T

**Tech Rec Student Assistant, Georgia Tech Student Center**, Atlanta, Georgia *Fall 2019 – Spring 2020*

- Developed excellent customer service
- Organized items for easy retrieval and inventory
- Used problem solving tactics when machines broke down or other issues arose

**Project Analyst Intern at Felipe Motta S.A.**, Panama City, Panama *Summer 2019*

- Participated in implementation of new Warehouse Management System (WMS) for 18,400m2 distribution center
- Documented 4 extended manuals for utilization of new WMS
- Ran trials of new WMS for improvements and verifications

**PROJECTS**

---

**Health Informatics, Georgia Tech Vertically Integrated Project**, Atlanta, Georgia *Spring 2020-Present*

- Created health literacy modules for our users
- Collaborated in designing app organization and aesthetics
- Conducted user-research through surveys and focus groups

**iTransportation, Georgia Tech Vertically Integrated Project**, Atlanta, Georgia *Fall 2018*

- Improved coordination of GT bus system by installing a new Arduino in buses
- Programmed a code in order to analyze the data through Tableau
- Collaborated with other groups to make passenger counting in buses more accurate

**LEADERSHIP**

---

**Treasurer of Omega Phi Alpha Nu Chapter**, Atlanta, Georgia *Summer 2020-Present*

- Created new school year’s budget for chapter
- Managed chapter’s bank account and transactions

**Taste of Latin America Logistics Chair, GT-SHPE Board of Directors**, Atlanta, Georgia *Summer2019-Spring2020*

- Created and managed budget of \$10,000 for the event
- Organized logistics of event for 900 attendees

**Marketing Chair, GT-SHPE Board of Directors**, Atlanta, Georgia *Fall 2018-Spring 2019*

- Managed SHPE’s various social network pages with over 1,000 followers each (Instagram, Facebook, Snapchat)
- Promoted SHPE on campus through marketing campaigns for events and opportunities

**Program Resource Manager for Georgia Tech Residence Hall Association**, Atlanta, Georgia *Fall 2018*

- Organized garage to make retrieval of more than 500 items more efficient
- Implemented and updated new inventory system
- Coordinated with students and faculty to rent items from garage every week

**SKILLS**

---

**Skills:** MS Office (Expert), Python (Beginner), SQL (Beginner), Tableau (Beginner), Technical Writing, Presentation Skills, Effective Communication (Written and Verbal), R (Beginner), Simio (Beginner)

**Languages:** Spanish, English, French (Basic)

**Organizations:** Society of Hispanic Professional Engineers (SHPE), Omega Phi Alpha (OPA)

**Interests:** Logistics, Optimization, Sustainability, Social Impact

# Hyen Jay Lee

hlee833@gatech.edu, (770) 865-4875

## EDUCATION

### **Georgia Institute of Technology**, Atlanta, GA

- Major: Industrial Engineering (Concentration: Economic and Financial System)
- GPA: 3.7/4.0 (Senior)

### **Milton High School**, Milton, GA

- GPA: 97.03/100
- TA of the Year

## SKILLS

**Software:** Excel, Word, OneNote, PowerPoint

**Programming Languages:** Python, JAVA, SQL, LATEX, R, R MARKDOWN, HTML

**Concepts:** Object-oriented Programming, Linear Algebra, Multivariable Calculus, Probability, Random Variable, Distribution Analysis, Statistical Inference, Data Visualization, Linear Regression, Experiment Design, Markov Chains, System Dynamics, Simulation, Supply Chain Economics, Finance and Investment, Optimization, Quality Improvement, City Planning

**Languages Spoken:** Korean (Fluent), Spanish (Conversational)

**Communication:** Public speaking and presenting

**Hobbies:** Golf, Basketball, Violin

## EXPERIENCE/INTERNSHIP

### **Greater North Fulton Chamber of Commerce** (2017-2018)

- Data Analysis/Organization, Event Coordination, and Customer Service

### **Milton Public Library** (2017)

- Data Analysis and customer service

### **Paul Academy** (2019)

- Teaching Assistant and counselor for high school students who were interested in going to American University in South Korea

## PROJECT

### **KPMG AI Challenge** (2019)

- Our team built an AI model to improve Customer Service in stores by using face recognition. Cameras that are set up in multiple angles would analyze customer's expression and give instant feedback to managers

### **Atlanta Traffic Optimization** (2019)

- Our team found real data over few days for a given intersection and analyzed the queue time to find an algorithm for traffic lights. We were able to decrease traffic time by 20%.

### **Warehouse Optimization** (2020)

- After acquiring warehouse data, we used Gurobi to code the objective function and constraints to find the minimum shipping price for the firm

### **Investment Analysis** (2020)

- Analyzed competing automobiles' (Tesla, Toyota, Honda) financial statements and projected their cashflow, EBIT, and profitability for the next 5 years to find the best investing option

### **Houston Rockets Analysis** (2020)

- Our team analyzed three decades of Houston Rocket's statistics using various statistical testing in order to find the factor that contributed the most to wins

# VED MOHAN

Alpharetta GA 30004 · (404) 539-0013 · vedmohan@gatech.edu · <https://vedmohan.dev> · [linkedin.com/in/vedmohan](https://www.linkedin.com/in/vedmohan)

## EDUCATION

---

### Georgia Institute of Technology

Candidate for BS Industrial & Systems Engineering  
Concentration: Economic and Financial Systems

August 2018 — May 2021  
Overall GPA: 3.65; Major GPA: 3.71

## PROFESSIONAL EXPERIENCE

---

### Supply Chain Intern, Walmart eCommerce

May 2020 — August 2020

*Chino, California*

Leadership Overview: Quality Assurance Manager for the Walmart eCommerce Fulfillment Center at Chino

- Managed and developed a team of 8 associates
- Ensured operational quality and success of daily, weekly, and quarterly fulfillment center metrics
- Robust emphasis on team development by individual planning and training. Coached 1 associate to promotion

Project: Reducing facility damage adjustments

- Initial State Assessment: Annual facility loss of \$1 million due to facility damages
- Identified and shadowed stakeholders within Inbound, Outbound, and Support operations across two different shifts to understand function and factors contributing to facility damages
- Evaluation and understanding applied to create a logistic regression model to identify high risk SKUs. Model was leveraged to create two deliverables:
  1. Created **Receiving Door Risk Tool** to address 10% of facility damages attributed to Inbound processes. Allowed capture of high risk freight in real time. Trained Inbound and Support associates and managers to utilize tool to strategically position experienced associates on high risk freight.
  2. Created **Cycling Prioritization Tool** to address 23% of failed Outbound inventory picking trips attributed to undiscovered facility damages. Allowed identification of high risk locations in real time. Trained Support associates and managers to institute a new damage blitzing process.

Results: New implementations carried an estimated annual facility savings of \$75,000 (\$0.03 Cost Per Unit saved)

### Operations Intern, Focus Brands

May 2019 — August 2019

*Atlanta, Georgia*

Project: Improving new hire onboarding and training processes of a Quick Service Restaurant (QSR) by increasing Learning Management System (LMS) usage and adoption

- Identified and interviewed corporate and franchise stakeholders to understand training and operations procedures
- Evaluation resulted in three major deliverables:
  1. Conducted a study on managers to create an **Optimal Repository Structure** to address gaps in information access. New repository structure simplified access to training resources for all corporate and franchise roles.
  2. Designed a 6 week **Incentive Program** for 360 Locations to address minimal awareness of tools offered by the LMS. New incentive program allowed automated progress measurement and notification, balanced scoring across franchises of different sizes, and a flexible structure to accommodate future programs.
  3. Created Python tool to enable English to Spanish PDF Translation using Optical Character Recognition (OCR) to address employee accessibility. **PDF OCR Tool** was adopted by the QSR Operations team.

### Research Assistant, Gwinnett Dept. of Water Resources

June 2018 — August 2018

*Lawrenceville, Georgia*

Studied the long term impact of eutrophication on groundwater quality in Gwinnett and neighbouring counties

## LEADERSHIP EXPERIENCE

---

### Treasurer, No Lost Generation

January 2019 — March 2020

*Georgia Tech*

- Focused on providing STEM Education to Refugees of Clarkston, GA
- Led a team of 5 undergraduates to design curricula, organize transportation logistics, and secure SGA funding
- Responsible for organizing annual tabling and fundraising events, partnering with non-profit sponsors

## SKILLS

---

**Software** Python (NumPy, Pandas, Seaborn), SQL, R, Microsoft Excel (VBA), Tableau, Minitab, MATLAB, Alteryx, CPLEX, Gurobi, AutoCAD

**Languages** English and Hindi (Native); Spanish (Intermediate)

## AWARDS AND CERTIFICATIONS

---

**Awards** Zell Miller Scholarship (Tuition), CURO Research Assistantship, Baldwin Scholarship

**Certifications** Six Sigma Green Belt (ISO 13053), Alteryx Designer Core

# ISABELLA M. PAPPATERRA GENAO

Atlanta, Georgia 30309 • 762.728.1119 • ipappaterra3@gatech.edu • linkedin.com/in/isabellapappaterra  
F-1 Visa

## EDUCATION

---

**GEORGIA INSTITUTE OF TECHNOLOGY, College of Engineering** **Atlanta, Georgia**  
**Bachelor of Science in Industrial Engineering** *May 2021*  

- Minor: Engineering & Business through the Denning Technology & Management Program GPA: 3.42
- Concentration: Analytics & Data Science
- Scholarships: Beca Internacional from the Dominican Ministry of Education (MESCyT)
- Honors: Dean's List, Tower Award
- Madrid Study Abroad Program *January – June 2019*

## PROJECTS

---

**GEORGIA INSTITUTE OF TECHNOLOGY** **Atlanta, Georgia**  
**Vertically Integrated Project - HumaniTech** *January 2020 – Present*  

- Analyzed data from nutrition surveys from the Beverly School in Kenya for use in future school meal and education plans
- Evaluated insights from the nutrition surveys and implemented steps to further improve survey responses in the future

**GT Socially Distant Classroom Project** *June – August 2020*  

- Extracted and analyzed classroom layout CAD data using AutoCAD and Excel that was used by a modelling team to determine optimal seating arrangements for practicing social distancing at Georgia Tech during the COVID-19 pandemic

## PROFESSIONAL EXPERIENCE

---

**TIMBERLAND DR MANUFACTURING** **Santiago, Dominican Republic**  
**Engineering Intern / Manufacturing Department** *June – August 2019*  

- Recorded and analyzed time data using Excel from leather hide auto cutting machines to create efficiency reports used in plans to maximize production
- Created an SOP detailing how to properly record and analyze the time data for the efficiency reports, for future use in the new leather hide auto cutting plant
- Calculated cement yields used in the Timberland Pro category, providing records for a new line of shoe production
- Performed time studies on a synthetic material cutting process, later used to determine whether new operators should be hired for the synthetic material cutting plant line

**Engineering Intern / Manufacturing Department** *June – August 2018*  

- Calculated cement yields used in the Cement Tree and Classic Boot categories, providing updated records which would then be used in plans for minimizing raw material waste
- Performed a shoe last inventory for the Cement Tree manufacturing plant to determine the inventory for a new plant
- Participated in designing the aesthetics for the work aids used in the manufacturing plants, resulting in a neater work environment for the plant operators

**GEORGIA INSTITUTE OF TECHNOLOGY** **Atlanta, Georgia**  
**Phonathon Operator / Student Alumni Association** *September 2018 – December 2019*  

- Contacted Georgia Tech alumni to request contributions for the Alumni Association and to thank them for their past support and debriefed them on Georgia Tech's current events

## LEADERSHIP

---

**GEORGIA INSTITUTE OF TECHNOLOGY** **Atlanta, Georgia**  
**Active Member / Society of Hispanic Professional Engineers (SHPE)** *August 2017 – Present*  

- Promote Latin American culture on campus through events such as Taste of Latin America and Noche de Muertos
- Represented Georgia Tech during the SHPE 2018 National Conference in Cleveland, Ohio

**Conference Assistant Director / Model United Nations Program** *August 2017 – May 2019*  

- Served as assistant director during the GT High School MUN 2017 and 2018 conferences, helping students analyze and resolve technological issues in developing countries as well as global past and future financial issues

## SKILLS/INTERESTS

---

**Technical:** Python, R, Gurobi, SQL, Microsoft Office Suite, Tableau, Simio  
**Languages:** Spanish – native, English – fluent, French – basic  
**Skills:** Public speaking, debate, communication

# Camila Pozo Jimenez

930 Spring St. NW, Atlanta GA 30309 | (404)-680-9696 | cipj6@gatech.edu

## EDUCATION

---

**Georgia Institute of Technology** | Atlanta, GA  
*B.S. Industrial and Systems Engineering*

*August 2017 - May 2021(Expected)*

- Faculty Honors, Deans List, Tower Award recipient. Society of Hispanic Professional Engineers Board of Directors.

**Hong Kong University of Science and Technology** | Hong Kong, SAR  
*Exchange Program*

*January 2019 – June 2019*

## EXPERIENCE

---

**Goldman Sachs** | Salt Lake City, Utah

*July 2020 - August 2020*

*Operations – Business Intelligence Intern*

- Worked with client rates and activities to develop outlier and profitability analysis
- Learned about agile project management and worked on standardization of Confluence Space
- Performed analysis on accounts postings, activity, hierarchy, and names to propose possible improvements
- Completed Data School on Data Visualization, Data Blending, Data Warehousing, and Defensive Design
- Completed the Alteryx Core Certification Exam

**Maritima Dominicana** | Santo Domingo, Dominican Republic

*May 2019 - August 2019*

*Systems & Processes Intern*

- Performed process evaluations and completed reports for different areas in the company to suggest improvements by integrating Six Sigma and Lean Manufacturing principles.
- Standardized the communications between clients and the Sales department to achieve a consistent brand.
- Introduced the use of Customer Experience Journey Maps in the company. Created a procedure and template for the departments to use.
- Managed and documented reports of improvements made by different areas and clients.
- Utilized Visio to perform diagrams of the company's workflows.

**Industrias Banilejas** | Santo Domingo, Dominican Republic

*May 2018 - August 2018*

*Production & Logistics Department Intern*

- Utilized SAP to perform the daily schedules for the lines of production. Performed forecasting analysis in areas of product demand and supply.
- Worked with the Quality department and analyzed the reasons behind client's complaints to provide future recommendations.
- Analyzed and determined problems with current quality tests.
- Optimized decision-making process by organizing and designing efficient way to manage the production

## LEADERSHIP & DEVELOPMENT

---

**GT-SHPE Senior Board of Directors** | Atlanta, GA

*Alumni Chair*

*May 2020- May 2021*

- Working on creating an online alumni database and on developing a mentoring program
- Planning an International Career Forum for students

*Social Chair*

*June 2019- May 2020*

- Planned professional and social activities to increase SHPE members involvement.
- Organized activities to help the Freshmen with their transition to campus.

**Georgia Tech Alumni Association** | Atlanta, GA

*August 2019 – January 2020*

*Phonathon Participant and Caller*

- Contacted Georgia Tech's alumni network and encouraged them to donate for scholarship and research purposes.
- Exceeded donor goal with over 34000 donors raising over 6.6 million dollars in support for Tech.

**Diabetes & Chronic Disease Systems – Vertically Integrated Project** | Atlanta, GA

*August 2019- January 2020*

*Behavioral Modeling Team*

- Modeled behavioral data and researched lifestyle effects on diabetic patients to measure how disease progression is affected.

**Project Girl Club** | Santo Domingo, DR

*April 2015 – July 2017*

*President (2017), Member (2015-2016)*

- Organized fundraising events raising over \$9,000 per year; Created and led a summer program for 54 participants.

## SKILLS AND INTERESTS

---

- **Technical:** Python/V-Python, Java, Visio, Object Oriented Programming, HTML, Microsoft Office Suite, R, Any Logic, SAP, Alteryx, SQL, Tableau
- **Languages:** Spanish (native), English (fluent)
- **Activities:** Georgia Tech Society of Women Engineers, Center of Disability: Certified Peer Notetaker, Member of GT OMED Mentor program, Member of GT Best Buddies, High School Varsity Soccer Co-Captain, Brown University: Engineering Summer Program.

# Michael J. Tang

120 N Ave NW, Atlanta, GA 30313 • 404-980-9192 • [mtang64@gatech.edu](mailto:mtang64@gatech.edu)

## EDUCATION

---

**Georgia Institute of Technology | Atlanta, Georgia**

**Bachelor of Science in Industrial and Systems Engineering (BS ISyE)**

**Overall GPA: 3.92**

Expected May 2021

- *Concentration:* Supply Chain Engineering
- *Honors:* Zell Miller Scholarship Recipient 2017-20, Dean's List 2017-20

**Mansfield College, Oxford University**

*Georgia Tech Oxford Summer Study Abroad Program*

**Oxford, England**

May 2019 - August 2019

- Adapted to unfamiliar environments and embraced cultural differences
- Developed communication and organization skills to navigate through 10 different countries

## EXPERIENCE

---

**School of Industrial & Systems Engineering, Undergraduate Teaching Assistant**

*Facilitates online learning of probability and statistics concepts*

**Atlanta, Georgia**

August 2020 – Present

- Provides assistance to 80 students during office hours every week
- Assists the professor with classroom instruction material and grading assignments for 10 hours a week

**School of Interactive Computing, College of Computing, Research Assistant**

*Built a healthcare application that increases health literacy*

**Atlanta, Georgia**

August 2019 – Spring 2020

- Developed sketches for the user interface design and revised them to create a prototype
- Projected that widespread adoption of the app could result in at least 2 million dollars in savings for Grady Health System, which is one of the busiest level 1 trauma centers in the US
- Designed healthcare literacy modules aimed at educating people about topics like common illnesses and vaccinations

**Fulton County Schools, IT Intern / Hardware Support Depot**

*Prepared devices and accessories for K-12 student use in 2018-19 school year*

**Sandy Springs, Georgia**

June 2018 – July 2018

- Tested and replaced over 4,000 Surface Pro 3 device accessories at 7 schools in the Greater Atlanta area
- Established a new workflow resulting in 25% increase in worker efficiency

## LEADERSHIP

---

**HyTech Racing, Business Sub-team**

**Atlanta, Georgia**

August 2019 – May 2020

- Collaborated with 5-10 different sub teams to order parts and observe progress
- Managed over \$50,000 in resources for building the racecar
- Implemented a finance management software that consolidated order forms and reduced team confusion

**Grand Challenges Living Learning Community, Team Lead**

*Developed an innovative solution to reduce energy waste in HVAC systems*

**Atlanta, Georgia**

August 2018 – May 2019

- Designed an online software program that integrates work order systems with sensor data systems
- Conducted 15-20 meetings to monitor team progress and interview HVAC systems managers
- Software solution could result in a potential 40% energy savings if implemented in modern office buildings

## SKILLS/INTERESTS

---

**ISyE:** Supply Chain, Logistics, Optimization, Process Improvement, Regression, Simulation, Statistical Analysis, Quality Control, Economic Analysis, Data Visualization, Manufacturing Systems

**Programming:** Expert in Python3, Proficiency in Microsoft Excel and Word, R, SQL, LaTeX, Gurobi, Java, HTML/CSS

**Mathematics:** Mathematical Programming, Differential Equations, Graph Theory, Set Theory

**Communication:** Team dynamics, Proposals, Technical reports, Presentations, Meetings

**Personal:** Organization, Time management, Self-driven, Hands-on problem solver, Hard-working

**Interests:** Data science, AI, NLP, cars, running, cooking, music

**Languages:** English – native, Chinese – intermediate, Spanish – beginner
